April 1996

Dear Customer:

Responding to our many customers' requests, NTIS will be offering FBIS publications electronically. Due to resource limitations, hardcopy production of FBIS publications will be phased out during 1996. We will notify our customers well in advance of the expiration date for each of our publications. Please see below regarding electronic access to products.

Our goal is to cease publication of all reports by 31 December 1996, except for S&T PERSPECTIVES, S&T CENTRAL EURASIA, S&T CHINA, S&T KOREA, S&T EUROPE, and S&T JAPAN. The S&T reports will continue to be published as hardcopy until the graphics they contain can be disseminated on-line.

FBIS products are offered electronically through the National Technical Information Service's (NTIS) "World News Connection" (WNC). This is a new on-line subscription service accessible through the World Wide Web. The Web address is http://wnc.fedworld.gov. Please see next page for a subscription form or call NTIS Fax Direct at 703-487-4140 and enter product code 8645 to receive more information.

Notice to Customers

FBIS Transition to On-line Dissemination and Phase-out of Hardcopy Publications by 31 December 1996

April 1996

Responding to many requests for electronic access to FBIS, we are proceeding to make our products available on-line to U.S. Government customers via several on-line systems. Due to resource limitations, the transition to on-line services will require FBIS to phase out all hardcopy reports by 31 December 1996 except for the *S&T Perspectives* and the *Science and Technology* reports.

Phase-out plan:

1 April 1996 - *Arms Control/Proliferation Issues*

May to Aug. 1996 - *Environment and World Health, Terrorism, Narcotics* (Specific dates forthcoming)

Aug. to 31 Dec. 1996 - All *Daily Reports and Economic Reviews* (Specific dates forthcoming)

FBIS now offers its products in several electronic formats:

- CD-ROM - issued quarterly, the CDs contain all FBIS published material from the previous three months.
- OSIS - a restricted-access system that hosts open source information from several U.S. Government agencies. Availability is limited to users with access to an OSIS node.
- INTELINK - a system that provides data from a variety of sources. Access is limited to users with Intelink terminals.
- FBIS ONLINE (available April 1996 via the World Wide Web) - a userid-password restricted system available to a limited number of U.S. Government customers. This system provides customers with tailored profiles as well as normal search capabilities. For more information about this service, contact FBIS Customer Service.
- Agency-specific systems - FBIS products are currently available on-line to a number of U.S. Government agencies through their internal electronic dissemination systems. Please contact your agency's system administrator for specific information on accessing FBIS.

Customers unable to access those systems can find a subset of FBIS materials on the Internet at the World News Connection (WNC). Hosted by the National Technical Information Service (NTIS), WNC is available by subscription on the World Wide Web - http://wnc.fedworld.gov. For more information call NTIS Fax Direct (703) 487-4140 and enter product code 8645. For your convenience, we have enclosed a subscription form in the following pages.

To serve you better, please let us know which system you will use to access FBIS electronically. A short survey appears on the following page.

To order a subscription to FBIS' Quarterly CD-ROM, or for more information about accessing FBIS products online, contact FBIS at:

FBIS Customer Service
P.O.Box 2604
Washington, D.C. 20013

FAX: (703) 733-6042

TEL: (800) 205-8615
(202) 338-6735

E-Mail: assist@products.fbis.osis.gov

ATTENTION
U.S. GOVERNMENT SUBSCRIBERS

In order to better serve you, FBIS needs to know what ADP capabilities you currently have or plan to have to access FBIS products electronically. Please complete the attached survey and mail or fax it to the FBIS Customer Service Center, P.O. Box 2604, Washington, D.C. 20013; FAX (703) 733-6042.
